

Installation of 1290 ArTainium ICC Profile

To install the ICC profile for use on the 1290 for the ArTainium ink, please follow the subsequent instructions:

1. Browse the CD to locate the '**ArTainium UV+ 1290-1280_RGB_v3.21**' located in the '**Profiles**' folder and '**Right Click**' on the icon, and select '**Install Profile**'.

The Profile is now installed on your PC (Note: no confirmation is shown on screen). To confirm the profile is installed '**Right Click**' on the file again, the menu will show '**Uninstall Profile**' don't choose anything on this menu, just click off screen to cancel.

Exceptions: Some versions of Windows 95 and 2000 will not show "**Install Profile**" on the context menu.
If this is the case with your PC, the ICC file will need to be manually copied to your system.

Copy the file '**ArTainium UV+ 1290-1280_RGB_v3.21**' from the CD to:
Win 95,98,98se,ME----- to ----C:/Windows/System/Color
Win NT4----to---- C:/winnt/system32/color
Win 2000---to----C:/winnt/system32/spool/drivers/color
Win XP----to----C:/windows/system32/spool/drivers/color
